## MEXICAN REBELS SLAUGHTER 55 PASSENGERS

### MORE BODIES EXPECTED FROM TRAIN WRECK

REBEL BAND DERAILED TRAIN, KILLING GUARD OF TROOPS IN BATTLE

THEN SOAKED CARS IN OIL AND SET FIRE TO THEM

Mexico City, April 21.—(UP)—Fifty-five persons were known dead and more bodies were expected to be recovered today from the ruins of a wrecked and burned train which President Calles charged in an official statement was attacked as part of a church plot.

The priests, Vera Pedrazza and Angulo; a lawyer named Loze, associated with the League for the Defense of Religious Liberty, and the bandit, "El Catorce," led the attacking rebels who burned the train and shot the passengers, Calles said, charging the priests "received instructions from the episcopate in Mexico City."

The rebel band derailed the train, killed the guard of troops in a battle and then soaked the cars in oil and set fire to them. Passengers were shot down as they fought their way out of the flaming prison.

Fifty-one bodies were taken from the wreckage and four wounded died enroute to Yurecuaro from the scene of the holdup near La Barca, between Limon and Feliciano in the state of Jalisco. Railway passengers on an incoming train which passed near the scene brought reports of 222 casualties, of which two-thirds were fatalities. Members of the crew of the same train, however, estimated the total dead at fewer than 100.

The fate of Major Ponce De Leon and his wife, a daughter of former President Obregon, who were reported abroad the train, could not be learned.

The rebel band wrecked the train by removing one rail from the track, it was reported. The engine and express cars were derailed, and as the train came to a bumping stop bullets from the rebels, invisible in the darkness, swept it from end to end.

The federal guard of 15 soldiers and two officers returned the fire and put up a successful defense for three hours, until all were killed. Calles statement continued. Other reports said the rebels overcame their resistance in an hour.

As soon as the soldiers were incapacitated, the rebels soaked the cars in waste oil and set them afire. A barrage of rifle fire prevented passengers from repelling the incendiaryists.

As the flames lighted the sky, and frenzied screams of women and children in the cars rang out, the rebels kept up a sharp fire, picking off one by one the passengers attempting to escape through doors and windows, reports reaching the capital said.

Some reports said, however, that none was burned to death, all the victims having fallen before the attackers' bullets.

### SURVIVORS ARRIVE AT MEXICO CITY

By A. W. FOLGER (United Press Staff Correspondent)  
Mexico City, April 21.—Survivors including Americans, of the massacre of passengers on a Guadalajara-Mexico City train at La Barca arrived today so unharmed and shaken by their terrifying experience that they were unable to give wholly coherent accounts of the shambles. The government announced that 55 persons were known to have been dead. American survivors estimated the dead at about 100.

None of the foreigners aboard the train was wounded. The foreigners numbered 10, including Americans, Britishers and a German woman. Mrs. Curt Levin, who was suffering from a severe heart attack when the relief train with some of the dead and the survivors arrived at 2:20 A. M. today.

Mr. and Mrs. N. Dockwith, residents of Guadalajara, and Mr. and Mrs. Watson and the latter's daughter were among the survivors who reached here today. The Watsons are British.

"It was horrible beyond words," Dockwith said. Statements of survivors indicated that the attackers did not deliberately burn passengers aboard the train but that some wounded persons were unable to leave the cars when the raiders ordered all out before setting them afire. The Dockwiths and Watsons said

### SENATOR SHIPSTEAD ASKS COOLIDGE TO VISIT MINNESOTA

Washington, April 21.—(UP)—Senator Shipstead, farmer-laborer, Minnesota, called at the White House today to urge President Coolidge to accept one of the many invitations to spend his summer vacation in Minnesota. A dozen places in the state have been offered to the president, Shipstead said. Mr. Coolidge said he would take the invitations under advisement.

There was a crash of rifle fire toward the front of the train and that they plainly could hear the cries of the wounded. Their group was badly shocked, but agreed that about 100 persons had been killed.

Other eye witnesses said that after the shooting ceased, the raiders entered the train, looting and robbing, and then ordered all passengers off. The coaches were fired immediately, and some of the wounded persons were believed by the survivors to have been unable to escape from the pyre.

Most of the Pullman passengers saved some of their luggage but many surrendered their valuables to the raiders, who also sacked the express car, obtaining 200,000 pesos in gold destined for the Bank of Montreal and the Bank of Mexico. After firing the train, survivors said the raiders rode away crying "Viva Cristo Rey" (Long Live Christ the King). The raiders were white frocked men of the peon class, survivors said, led by the famous bandit known as "El Catorce," who once was a member of Chavez Garcia's band which terrorized the state of Michoacan during the Villa revolution.

Some of the survivors said priests accompanied the raiders. The raiders left before the train had been consumed by fire because of the approach of rescue troops under General Carrillo from Yurecuaro.

While a crowd of 400 kinsmen, physicians and nurses, soldiers and police stood quietly in Colonia station, the train bearing some of the dead and wounded arrived from the scene of horror at 2:20 A. M. The tense calmness of the stoic Indians was dramatic as dead or wounded relatives were removed from the train.

Prominent Mexicans aboard the train said that more than 100 persons had been killed and 50 wounded, many of them seriously.

There were five bodies and eight wounded persons aboard the train which arrived here. Many others of the dead had been buried at the scene of the raid or removed from the relief trains at stations enroute to Mexico City. Many wounded persons also were removed at Queretaro and other stations.

Fourteen ambulances met the train and the wounded survivors were hurried to hospitals. Eye witnesses of the attack said that the dead included 48 soldiers, 17 children and six women. Both first and second class passengers were among the dead, witnesses agreed.

The attacked train left Guadalajara at 5:30 P. M. Tuesday afternoon and crossed the bridge at Ocatlan over the Lerma river where a detachment of federal troops said that the line ahead was safe. At 8:15 the engine left the rails, which had been tampered with, carrying two express cars with it.

From a distance of 50 yards, the raiders opened fire on the disabled train, concentrating on the second class coaches where the armed escort of the train was riding.

First Sergeant Filiberto Cabrera, a 22-year-old soldier wounded during the engagement, told the United Press the following story:

"When the firing started, Captain Banuet ordered the soldiers to reply immediately. We started firing at the flashes of the rebels' rifles at a distance of from 50 to 70 yards. Lights in the second of the second class cars were extinguished so that the rebels would not have such a good target.

"Our ammunition began to run low and several men were ordered to the ground outside the cars. After three hours all our ammunition was gone. Then the rebels, crying 'Viva Cristo Rey,' surrounded the train shooting and stabbing soldiers to death.

"Only four of us escaped; two in civilian clothing, one who lay beneath the body of Captain Banuet, and myself. I told the rebels that I was only a chauffeur.

"They poured oil on the coaches

## Renewed Hope Seen Today For Early Resuming of Bituminous Coal Mining In the Central Area

### INDIANA STRIP OWNERS REACH AGREEMENT

CONFER WITH DISTRICT NO. 11 OF THE INDIANA BRANCH

OF THE UNITED MINE WORKERS UNION ORGANIZATION

Terre Haute, Ind., April 21.—(UP)—Renewed hope was seen today for early resumption of bituminous coal mining throughout the central competitive area following announcement that Indiana strip mine owners have reached an agreement with District 11 of the Indiana branch of the United Mine Workers Union.

Signing of a two years' contract between strip miners and operators followed a week's conference here. It is the first agreement to be reached between bickering groups through out the central area where approximately 200,000 miners have been on strike since April 1.

Exact terms of the Indiana contract have not been announced, but it is believed that the wage scale is that of the Jacksonville agreement which terminated March 31. The agreement included a \$7.50 a day wage.

Strip mines produce about 20 per cent of Indiana's coal.

and fired them, leaving the wounded to burn alive. They carried me to their camp a kilometer (5-8 of a mile) away and finally I was released. Most of the rebels were mounted. I rode with a priest in a Ford.

I met the death train 25 miles outside Mexico City and talked with the passengers in second and first class coaches. Most of them were too over-wrought to give intelligent answers to my questions. Many of the illiterate Indians aboard the train said that the attacking band numbered 1,000, but it was generally agreed among the passengers better able to estimate their number that the raiders numbered slightly fewer than 500.

"Federal troops put up an heroic defense," one passenger said. "Many of them took shelter behind the toppled engine and fired until they were shot or stabbed when the raiders surrounded the train. It was a useless defense. The raiders had plenty of ammunition and were protected by a stone wall along the right of way. They carried their reserve ammunition in two automobiles and frequently repaired to them for fresh supplies.

"The rebels were strong and healthy and were mostly young men. They carried no banners but compelled all the passengers to cry 'Viva Cristo Rey,' and also to shout 'Down with Calles.'

"Several of the rebels explained," this passenger said, "that President Calles was the cause of all their trouble because he 'has tried to deprive us of our religion.'

"When all the soldiers were dead or wounded, the rebels entered the train but did not maltreat the first class Pullman passengers nor did they lock the doors of the train before firing it. Only a few of the wounded persons were burned alive."

Other passengers said the raiders carried Mauser and Springfield rifles and knives and machetes. Relief work at the scene of the attack was carried on by Red and White Cross organizations from Silao and Irapuato. Some passengers (apparently referring to incidents in the Pullman cars) said the raiders asked for money and cigarettes, accepting all that was offered, but did not force the passengers to give up anything.

Others said that two priests, Father Vega and Father Gonzales, accompanied the rebels. One man aboard the train lost his mother-in-law, his wife and five children. He arrived here crazed, declaring that all passengers aboard the train had been killed.

### PRETTY CASHIER CONFESSES TO EMBEZZLEMENTS

St. Paul, April 21.—(UP)—Elsie Olson, pretty 28 year old cashier, today is charged with first degree larceny following an alleged confession to embezzlement of small amounts during the past eight years which, she said, totalled several thousand dollars.

Miss Olson is seriously ill from tuberculosis which the girl attributes to a guilty conscience. She said she suffered a nervous breakdown early in March and was forced to leave her position as bookkeeper and cashier in the Twin City Motor Car company here.

Officials of the company have announced that charges will not be pressed.

### CITY LIGHTS, WHITE COLLAR JOBS ALLURING

TAKE MORE THAN 2,155,000 PERSONS FROM THE FARMS

AGRICULTURE DEPARTMENT IN AN OFFICIAL ESTIMATE

Washington, April 21.—(UP)—Bright city lights and white collar jobs lured more than 2,155,000 persons from farms in the United States during 1926, the agriculture department estimated today.

In turn, however, 1,135,000 city persons decided rural was more enjoyable than urban life and migrated to farms during the year.

Uncle Sam is wondering "How you're going to keep them down on the farm," for the net movement away from agriculture tracts during the 12 months was 1,020,000 persons.

The total farm population decreased 649,000 persons last year, the largest decrease in any years since 1920. The 658,000 births on farms compared with 371,000 deaths, held the exodus figure below the general migratory total, officials of the department said.

The number of persons living on farms on January 1, 1927, was estimated by the government at 27,982,000, again 28,541,000 on January 1, 1926.

The agriculture department estimated that in New England states 72,000 persons left farms last year while 52,000 city folks went to the farms. Other districts follow:

Middle Atlantic states, 155,000 from farms and 101,000 to farms; east north central, 319,000 and 164,000; west north central, 318,000 and 193,000; east Atlantic, 354,000 and 133,000; east south central, 266,000 and 101,000; west south central, 402,000 and 194,000; mountain, 130,000 and 95,000; Pacific, 119,000 and 102,000.

### LITA GREY CHAPLIN SEEKING TO ASSAIL HUSBAND'S FINANCES

Los Angeles, April 21.—(UP)—Lita Grey Chaplin today was to make another attempt to get into the money bags of her famous comedian-husband, Charlie Chaplin, according to announcement by her attorneys.

A petition for alimony for Mrs. Chaplin will be filed in superior court today, her representatives said. The action will be based directly on an order yesterday by which Chaplin traded his personal legal immunity from California courts for a two weeks' delay in answering the sensational divorce complaint of his young wife.

The order, signed by Judge Guerin, gave Chaplin until May 4 to appear or answer Mrs. Chaplin's complaint. The same order brought Chaplin under the jurisdiction of California courts for the first time since Mrs. Chaplin fled her action.

Previously, any court order for alimony could be levied only on Chaplin's assets or property in California.

### CONTINUOUS NIGHT SESSION OF LEGISLATURE

SUDDENLY STRAIGHTENS ITS TANGLES AT BREAKFAST TIME

WAY NOW CLEARED FOR AN EARLY ADJOURNMENT

By JACK BERNSTEIN (United Press Staff Correspondent)  
St. Paul, April 21.—After a continuous night session of differences that threatened to make a special session necessary, the Minnesota legislature suddenly straightened its tangle at breakfast time today and cleared the way for adjournment.

Sleepy eyed senators and representatives approved the conference reports on educational appropriations. It was by far the most important session of the legislature. Business considered was of such significance that the Schall investigating committee's report was almost forgotten in the senate although it had rested on the speaker's desk since 6 P. M. Wednesday.

With clocks in both chambers stopped and covered so that the legislators could not see the time, a general relaxation of the tension of closing hours prevailed shortly before midnight Wednesday. At that time, it appeared that the way had been smoothed by agreement of conference committees and the members waiting for the reports formed impromptu singing societies, attacked great stacks of sandwiches, young ladies of coffee and hills of potato salad, and enjoyed themselves.

Disagreement first arose on the floor of the senate when consideration was given the fish and game bill.

A dispute over educational appropriations followed. The game and fish bill went over for two years after the house finally recessed without having taken action, but the educational appropriations bill was saved by a compromise.

This cleared the slate.

### FISH AND GAME LEGISLATION

St. Paul, April 21.—Fish and game legislation which helped tie up the workings of the legislature for hours after the scheduled midnight termination of business sessions, met a natural death when the house adjourned at 8:45 A. M. today.

As a result the northern and southern zone will remain unchanged, and anglers will not receive the benefit of the bill which would have given permission to keep fish caught without regard to limit.

The southern zone will open for crappies, sun fish and bass on May 29 and the northern zone June 21.

St. Paul, April 21.—After 72 days of lawmaking, the forty-fifth biennial session of the Minnesota legislature was brought to a close today.

The senate was the first to end its session, adjourning sine die at 1:05 P. M.

The house adjourned at 1:53 P. M.

### COOL WINDS

END BRIEF

ADVENT OF SUMMER

New York, April 21.—(UP)—Cool winds before tonight will end the brief advance visit of summer which yesterday sent thermometers to unseasonable 88's and 90's along the eastern seaboard from Maine to Virginia, weather bureau forecasts said today.

Three persons were prostrated in New York, where the mercury touched 88—the hottest April 20 in the 50-year history of the local weather bureau.

Portland, Me., Boston, Baltimore and Washington reported 90-degree maximums and other cities on the seaboard were not far below.

### CONFESSES TO MURDER OF TWO YEARS AGO

Newton, N. J., April 21.—(UP)—Franklin Van Sickle confessed in the Sussex county jail here today that he shot and killed Edward Razer in Sandyston two years ago because he wanted to marry Mrs. Razer, authorities announced.

The confession came a few days before the grand jury, meeting Monday, was to have been asked to indict Van Sickle and Mrs. Razer on a charge of conspiring to murder Razer.

### 6 MORE BANKS SUSPENDED IN JAPAN TODAY

BUSINESS MEN AND FINANCIERS TALK OF A MORATORIUM

SEEK SAME TO PERMIT BANKERS TO RETRENCH THEIR OPERATIONS

Tokio, April 21.—(UP)—Six more banks suspended in Japan today, three of them in Tokio, and business men and financiers began to talk of a moratorium to permit bankers to retrench.

The Fifteenth Bank of Tokio, regarded as one of the strongest institutions in the country, was one of those which suspended. It had a capital of 100,000,000 yen (approximately \$50,000,000) and deposits of 360,000,000 yen.

Runs on banks were reported from many parts of the country. Seven tons of banknotes were shipped to Osaka to meet runs there.

### QUICK JUSTICE IS DISPENSED

East Portal, Colo., April 21.—(UP)—There may be law-breakers at mouth of the Moffat tunnel which pierces the continental divide, but also there is justice.

Justice of the Peace Orrin Allen, whose father, George W. Allen, was a justice of the state supreme court, hands it out.

One of the laborers at the tunnel was brought before him for beating his wife. A year ago the man had appeared before Allen for the same offense.

"The last time you were here I told you I'd knock your block off," Allen said.

A dull thud—justice had been dispensed.

### DOUBT AUTHENTICITY OF \$1,000,000 PAINTING

Udine, Italy, April 21.—(UP)—Doubts of the authenticity of the painting of Alphonzo, Duke of Ferrara, recently purchased by the New York Metropolitan, was reputed to be around \$1,000,000.

The painting may have been executed by Martino, more commonly known as Pellegrino, Grassi said. Grassi based his statements on researches into the archives of the House of Este, which ruled the dukedom of Ferrara.

### CAR LOAD LOTS ON FRESH MEATS

Washington, April 21.—(UP)—Car-load rates on fresh meat and packing products from South St. Paul, Minn., and Sioux City to Fargo and Grand Forks, N. D., should be approved by the interstate commerce commission, one of its examiners held in a report today. The report said the complaint of Swift & Co., assailing the rates as unreasonable, should be dismissed.

### NAVAL RESERVE AVIATORS KILLED IN CRASH TODAY

Washington, April 21.—(UP)—Wilbur Fisk Bingham and Richard Wesley Kenison, naval reserve aviators, were killed in a crash at Hampton Roads, Va., today while flying a two-seated training seaplane, according to navy department advices.

### NEW LEVEES BURST IN OTHER RIVER SECTIONS

MISSISSIPPI VALLEY RAVISHED BY THE HIGH WATERS

MORE THOUSANDS HOMELESS, MORE LIVES HAVE BEEN LOST

(By United Press)  
Disease attacked refugee camps in the flood area today. New levees burst in various sections of the Mississippi valley, ravished by high waters, more thousands are homeless, more lives have been lost—and there is no hope of immediate relief.

Outbreak of contagion in two Arkansas refugee camps alarmed authorities who are seeking to provide for the homeless in concentration centers. Cold and rain have allied with the flood waters to cause death and suffering.

Camp conditions are not the most sanitary and resistance of the flood victims to disease has been lowered by suffering.

The disaster appears, in figures, as follows:  
Dead—at least 60. Tornadoes accompanying the heavy rains which swelled the rivers killed 100 more. It is feared the death list is much heavier, but many inundated areas have not been penetrated.

Injured—estimated at 300, not including an estimated 500 refugees sick in concentration camps.

Homeless—80,000. This number is increasing hourly.

Property damage—many millions. Damage has been variously estimated at \$20,000,000 to \$50,000,000 or more but an accurate figure is impossible to obtain because of the nature of the damage.

The most dangerous threat today aside from the disease menace, was probability that lowlands of Kansas City, Mo., will be inundated by the rising Missouri river. Valuable property borders the river bank in Kansas City. The Kansas City, Kans., side of the river has already been flooded.

Memphis, Tenn., April 21.—The levee at Stoops Landing, Miss., went out today following a desperate all-night battle to save it. Breaking of the levee will flood an area of about 25 square miles. Greenville, Indianola, Hollendale, Arcola, Leland and Scott are among the important towns in this area which may be flooded.

The threatened territory was being evacuated as rapidly as possible. Hundreds will be added to the army of homeless by this latest break in the walls that held back the Mississippi river.

Considerable suffering was reported at Clarendon, Ark., where the water stood 15 feet deep in some parts of the town from a previous break in the levee.

Memphis watched the river with grave personal interest today. Two levees circle the town north and south, one protecting industrial plants and the other a residential section. Both were in danger as the water continued to rise.

The Arkansas river came to a stand at Little Rock, Ark., today. Two feet of water covered most of the downtown section at North Little Rock and half of the city's 30,000 inhabitants had moved to high ground. The battle to save the water works was virtually won and officials said there would be no shortage of drinking water.

Fine Bluff, Ark., 40 miles south-east of Little Rock, was virtually isolated. Trains were blocked in every direction from the town, leaving it without means of transportation for supplies needed by refugees.

Workmen were busy at several bayou levees, attempting to hold the only walls that prevent complete inundation of southeast Arkansas.

### FLOOD DISASTER NOW IN 2ND WEEK

St. Louis, Mo., April 21.—The Mississippi river flood disaster entered its second week today with 50,000 persons homeless, an undetermined number killed and approximately 3,000,000 acres of land inundated.

Additional rains over the upper valley, principally in Arkansas, brought promise of still greater casualties and damage.

Southeastern Missouri and Arkansas were bearing the brunt of the (Continued on page 8)

Some passengers (apparently referring to incidents in the Pullman cars) said the raiders asked for money and cigarettes, accepting all that was offered, but did not force the passengers to give up anything.

Others said that two priests, Father Vega and Father Gonzales, accompanied the rebels. One man aboard the train lost his mother-in-law, his wife and five children. He arrived here crazed, declaring that all passengers aboard the train had been killed.

### PRETTY CASHIER CONFESSES TO EMBEZZLEMENTS

St. Paul, April 21.—(UP)—Elsie Olson, pretty 28 year old cashier, today is charged with first degree larceny following an alleged confession to embezzlement of small amounts during the past eight years which, she said, totalled several thousand dollars. Miss Olson is seriously ill from tuberculosis which the girl attributes to a guilty conscience. She said she suffered a nervous breakdown early in March and was forced to leave her position as bookkeeper and cashier in the Twin City Motor Car company here.

Officials of the company have announced that charges will not be pressed.

### CITY LIGHTS, WHITE COLLAR JOBS ALLURING

TAKE MORE THAN 2,155,000 PERSONS FROM THE FARMS

AGRICULTURE DEPARTMENT IN AN OFFICIAL ESTIMATE

Washington, April 21.—(UP)—Bright city lights and white collar jobs lured more than 2,155,000 persons from farms in the United States during 1926, the agriculture department estimated today.

In turn, however, 1,135,000 city persons decided rural was more enjoyable than urban life and migrated to farms during the year.

Uncle Sam is wondering "How you're going to keep them down on the farm," for the net movement away from agriculture tracts during the 12 months was 1,020,000 persons.

The total farm population decreased 649,000 persons last year, the largest decrease in any years since 1920. The 658,000 births on farms compared with 371,000 deaths, held the exodus figure below the general migratory total, officials of the department said.

The number of persons living on farms on January 1, 1927, was estimated by the government at 27,982,000, again 28,541,000 on January 1, 1926.

The agriculture department estimated that in New England states 72,000 persons left farms last year while 52,000 city folks went to the farms. Other districts follow:

Middle Atlantic states, 155,000 from farms and 101,000 to farms; east north central, 319,000 and 164,000; west north central, 318,000 and 193,000; south Atlantic, 354,000 and 133,000; east south central, 266,000 and 101,000; west south central, 402,000 and 194,000; mountain, 130,000 and 95,000; Pacific, 119,000 and 102,000.

### LITA GREY CHAPLIN SEEKING TO ASSAIL HUSBAND'S FINANCES

Los Angeles, April 21.—(UP)—Lita Grey Chaplin today was to make another attempt to get into the money bags of her famous comedian-husband, Charlie Chaplin, according to announcement by her attorneys. A petition for alimony for Mrs. Chaplin will be filed in superior court today, her representatives said. The action will be based directly on an order yesterday by which Chaplin traded his personal legal immunity from California courts for a two weeks' delay in answering the sensational divorce complaint of his young wife.

The order, signed by Judge Guerin, gave Chaplin until May 4 to appear or answer Mrs. Chaplin's complaint. The same order brought Chaplin under the jurisdiction of California courts for the first time since Mrs. Chaplin fled her action.

Previously, any court order for alimony could be levied only on Chaplin's assets or property in California.

### CONTINUOUS NIGHT SESSION OF LEGISLATURE

SUDDENLY STRAIGHTENS ITS TANGLES AT BREAKFAST TIME

WAY NOW CLEARED FOR AN EARLY ADJOURNMENT

By JACK BERNSTEIN (United Press Staff Correspondent) St. Paul, April 21.—After a continuous night session of differences that threatened to make a special session necessary, the Minnesota legislature suddenly straightened its tangle at breakfast time today and cleared the way for adjournment.

Sleepy eyed senators and representatives approved the conference reports on educational appropriations. It was by far the most important session of the legislature. Business considered was of such significance that the Schall investigating committee's report was almost forgotten in the senate although it had rested on the speaker's desk since 6 P. M. Wednesday.

With clocks in both chambers stopped and covered so that the legislators could not see the time, a general relaxation of the tension of closing hours prevailed shortly before midnight Wednesday. At that time, it appeared that the way had been smoothed by agreement of conference committees and the members waiting for the reports formed impromptu singing societies, attacked great stacks of sandwiches, young lakes of coffee and hills of potato salad, and enjoyed themselves.

Disagreement first arose on the floor of the senate when consideration was given the fish and game bill.

A dispute over educational appropriations followed.

The game and fish bill went over for two years after the house finally recessed without having taken action, but the educational appropriations bill was saved by a compromise.

This cleared the slate.

### FISH AND GAME LEGISLATION

St. Paul, April 21.—Fish and game legislation which helped tie up the workings of the legislature for hours after the scheduled midnight termination of business sessions, met a natural death when the house adjourned at 8:45 A. M. today.

As a result the northern and southern zone will remain unchanged, and anglers will not receive the benefit of the bill which would have given permission to keep fish caught without regard to limit.

The southern zone will open for crappies, sun fish and bass on May 29 and the northern zone June 21.

St. Paul, April 21.—After 72 days of lawmaking, the forty-fifth biennial session of the Minnesota legislature was brought to a close today.

The senate was the first to end its session, adjourning sine die at 1:03 P. M.

The house adjourned at 1:53 P. M.

### COOL WINDS

END BRIEF

### ADVENT OF SUMMER

New York, April 21.—(UP)—Cool winds before tonight will end the brief advance visit of summer which yesterday sent thermometers to unseasonable 88's and 90's along the eastern seaboard from Maine to Virginia, weather bureau forecasts said today.

Three persons were prostrated in New York, where the mercury touched 88—the hottest April 20 in the 50-year history of the local weather bureau.

Portland, Me., Boston, Baltimore and Washington reported 90-degree maximums and other cities on the seaboard were not far below.

### CONFESSES TO MURDER OF TWO YEARS AGO

Newton, N. J., April 21.—(UP)—Franklin Van Sickle confessed in the Sussex county jail here today that he shot and killed Edward Razer in Sandyston two years ago because he wanted to marry Mrs. Razer, authorities announced.

The confession came a few days before the grand jury, meeting Monday, was to have been asked to indict Van Sickle and Mrs. Razer on a charge of conspiring to murder Razer.

### 6 MORE BANKS SUSPENDED IN JAPAN TODAY

BUSINESS MEN AND FINANCIERS TALK OF A MORATORIUM

SEEK SAME TO PERMIT BANKERS TO RETRENCH THEIR OPERATIONS

Tokio, April 21.—(UP)—Six more banks suspended in Japan today, three of them in Tokio, and business men and financiers began to talk of a moratorium to permit bankers to retrench.

The Fifteenth Bank of Tokio, regarded as one of the strongest institutions in the country, was one of those which suspended. It had a capital of 100,000,000 yen (approximately \$50,000,000) and deposits of 360,000,000 yen.

Runs on banks were reported from many parts of the country. Seven tons of banknotes were shipped to Osaka to meet runs there.

### QUICK JUSTICE IS DISPENSED

East Portal, Colo., April 21.—(UP)—There may be law-breakers at mouth of the Moffat tunnel which pierces the continental divide, but also there is justice.

Justice of the Peace Orrin Allen, whose father, George W. Allen, was a justice of the state supreme court, hands it out.

One of the laborers at the tunnel was brought before him for beating his wife. A year ago the man had appeared before Allen for the same offense.

"The last time you were here I told you I'd knock your block off," Allen said.

A dull thud—justice had been dispensed.

### DOUBT AUTHENTICITY OF \$1,000,000 PAINTING

Udine, Italy, April 21.—(UP)—Doubts of the authenticity of the painting of Alphonzo, Duke of Ferrara, recently purchased by the New York Metropolitan, was reputed to be around \$1,000,000.

The painting may have been executed by Martino, more commonly known as Pellegrino, Grassi said.

Grassi based his statements on researches into the archives of the House of Este, which ruled the dukedom of Ferrara.

### CAR LOAD LOTS ON FRESH MEATS

Washington, April 21.—(UP)—Car-load rates on fresh meat and packing products from South St. Paul, Minn., and Sioux City to Fargo and Grand Forks, N. D., should be approved by the interstate commerce commission, one of its examiners held in a report today. The report said the complaint of Swift & Co., assailing the rates as unreasonable, should be dismissed.

### NAVAL RESERVE AVIATORS KILLED IN CRASH TODAY

Washington, April 21.—(UP)—Wilbur Fisk Bingham and Richard Wesley Kenyon, naval reserve aviators, were killed in a crash at Hampton Roads, Va., today while flying a two-seated training seaplane, according to navy department advices.

### NEW LEVEES BURST IN OTHER RIVER SECTIONS

MISSISSIPPI VALLEY RAVISHED BY THE HIGH WATERS

MORE THOUSANDS HOMELESS, MORE LIVES HAVE BEEN LOST

(By United Press)

Disease attacked refugee camps in the flood area today. New levees burst in various sections of the Mississippi valley, ravished by high waters, more thousands are homeless, more lives have been lost—and there is no hope of immediate relief.

Outbreak of contagion in two Arkansas refugee camps alarmed authorities who are seeking to provide for the homeless in concentration centers. Cold and rain have allied with the flood waters to cause death and suffering.

Camp conditions are not the most sanitary and resistance of the flood victims to disease has been lowered by suffering.

The disaster appears, in figures, as follows: Dead—at least 60. Tornadoes accompanying the heavy rains which swelled the rivers killed 100 more. It is feared the death list is much heavier, but many inundated areas have not been penetrated.

Injured—estimated at 300, not including an estimated 500 refugees sick in concentration camps.

Homeless—80,000. This number is increasing hourly. Property damage—many millions. Damage has been variously estimated at \$20,000,000 to \$50,000,000 or more but an accurate figure is impossible to obtain because of the nature of the damage.

The most dangerous threat today aside from the disease menace, was probability that lowlands of Kansas City, Mo., will be inundated by the rising Missouri river. Valuable property borders the river bank in Kansas City. The Kansas City, Kans., side of the river has already been flooded.

Memphis, Tenn., April 21.—The levee at Steops Landing, Miss., went out today following a desperate all-night battle to save it. Breaching of the levee will flood an area of about 25 square miles. Greenville, Indianola, Hollendale, Arcola, Leland and Scott are among the important towns in this area which may be flooded.

The threatened territory was being evacuated as rapidly as possible. Hundreds will be added to the army of homeless by this latest break in the walls that held back the Mississippi river.

Considerable suffering was reported at Clarendon, Ark., where the water stood 15 feet deep in some parts of the town from a previous break in the levee.

Memphis watched the river with grave personal interest today. Two levees circle the town north and south, one protecting industrial plants and the other a residential section. Both were in danger as the water continued to rise.

The Arkansas river came to a stand at Little Rock, Ark., today. Two feet of water covered most of the down town section at North Little Rock and half of the city's 30,000 inhabitants had moved to high ground. The battle to save the water works was virtually won and officials said there would be no shortage of drinking water.

Pine Bluff, Ark., 40 miles south-east of Little Rock, was virtually isolated. Trains were blocked in every direction from the town, leaving it without means of transportation for supplies needed by refugees. Workmen were busy at several bayou levees, attempting to hold the only walls that prevent complete inundation of southeast Arkansas.

### FLOOD DISASTER NOW IN 2ND WEEK

St. Louis, Mo., April 21.—The Mississippi river flood disaster entered its second week today with 50,000 persons homeless, an undetermined number killed and approximately 3,000,000 acres of land inundated.

Additional rains over the upper valley, principally in Arkansas, brought promise of still greater casualties and damage.

Southeastern Missouri and Arkansas were bearing the brunt of the (Continued on page 3)

It is better to have loved and lost—much better.

Some of the boys were telling us the other day about an automobile accident. A bumble bee flew through the window and proceeded to crawl up the driver's pants leg. Result a badly wrecked automobile and two bruised passengers. Our sympathies are with the driver. Any man who can steer an automobile while a bumble bee explores the dark recesses of his

trousers is a hero. Don't you say so?

When a lady begins buying shoes that are comfortable, it's a sign she's getting old.

A GOOD-HEAD  
She — "What business are you going into, Jack?"  
He — "Lumber business."  
She — "You have a fine head for it."

There is only one thing a wife will admit she doesn't know and that is why she married her husband.

The reason so few milkmen are married is that they see women too early in the morning.

Seated in the parlor, waiting for his best girl to come downstairs, he spoke to the gas light thusly: "Either you or I will be turned down tonight."

We didn't realize it but that hits near home.

### GIRL BANJO PLAYERS

Large Attendance Forecast for the  
Ceremonies on  
Saturday

Added entertainment is being offered at the Elks dedication ceremonies Saturday afternoon and evening, April 23.

The program committee of the local Elks lodge have arranged for a very attractive entertainment feature for the opening celebration of the new temple, in addition to those already announced, in the Lowry male quartet of Minneapolis.

This feature of the entertainment will be given in the club rooms of the temple between 9 and 11 p. m.

Two charming girl banjo players will play at the banquet and club-rooms.

Indications point to a large attendance of visiting Elks from Little Falls, St. Cloud, St. Paul, Minneapolis and Duluth. A goodly representation of the officers of the Minnesota State Elks association will be present.

An intensive ticket sale is being carried on. All dedication ceremonies at the new temple, the banquet at the U. C. T. auditorium and the dance and other entertainment at the Elks home are open to the public generally. Tickets, as sold by the ticket committee, admit one to all of these diversified forms of entertainment.

Room reservations become effective midnight, April 23. Many Elks during the week, visiting in the city and not knowing when the building is to be opened, have sought rooms. One of these was H. R. Zeininger, a representative of the United Press associations, who carries a card from Manila, lodge, Philippine Islands, where he took a prominent part in Elks' activities and was also at one time president of the Manila Rotary club.

At the home one finds a scene of great activity. Furniture is being installed, last-minute changes made, floors are being mopped, rugs laid, guests room doors numbered, telephone equipment being given the once-over, a large safe is being installed, light globes polished and a thousand and one other things being attended to by the house and social committee and the board of governors.

As stock in the building was subscribed for locally, there will be a large attendance this Saturday of those who are materially interested in the building and wish to see it made a success. Everyone of these

stock owners feels a proprietary interest in the building and is adding his influence to make it a success.

The consensus of opinion of those who have seen other Elks homes is that the Brainerd temple is a wonderful building, well planned, well financed and bound to be a real municipal asset.

### W. C. T. U. Meeting

The regular meeting of the W. C. T. U. will be held at the home of Mrs. B. A. Samuelson of 521 South Broadway on Friday afternoon at 3 o'clock. A good attendance is desired. Visitors are always welcome.

### Philathea Bible Class

The Philathea Bible class of the M. E. church will hold a rummage sale at Jones' store on Front street, Saturday morning, April 23.

Appearing under the auspices of the Semper Paratus club, President Brown of the St. Cloud State Teacher's college, will give a lecture on astronomy this evening in the high school gymnasium at 8 o'clock.

It is seldom that Brainerd has an opportunity to hear an instructive talk on this fascinating science and it is hoped that many will take advantage of this opportunity to gratify their desire for further knowledge of the subject.

President Brown is well known and comes highly recommended, having for a long time enjoyed a reputation as a student of astronomy.

Low Price of \$1.49

If you want exceptional value at a low price—better made, fuller cut, than you ever were able to buy before at this price, this group of shirts at \$1.49 is sure to interest you.

And even at this low price, you will find Exclusive Patterns Confined to Our Stores, in a great variety of original and unusual designs. Every Shirt is cut, made, trimmed and finished to our exacting specifications.

Our tremendous Buying Power—greater now than ever—means Better Styles, Better Qualities, More Value at every price. In Collar-Attached and Neckband Styles. And remember this—regardless of price, we never sell inferior merchandise at any price. See these Economy Shirts Today!

Others at \$1.98 and \$2.98

### NECKBANDS

Actual size and pre-shrunk, smooth edges. Most shirts are not made this way, on account of expense.

### COLLARS

Collars made in Collar factories—cost more. Result is better fitting collars.

### AMPLE CUT

Square-cut tails, not sliced away. This means using from 1 1/2 to 2 yards more material per dozen.

### WIDTH

Size 14 is 42 inches around the chest—rising 2 inches a size to 15; then 3 inches on size 15 1/2, finishing 49 inches; size 16 finishes 52 inches; size 17—56 inches. Sizes scientifically correct.

### LENGTH

Our shirts vary in length—as they should. From 34 inches on size 14, front and back, to 36 inches front and back on size 17. Ordinary shirts will not finish more than 33 to 33 1/2 on all sizes.

### GUSSETS

The Gussets are not less than 17 inches from the bottom to the armhole, to prevent the shirt from pulling out of trousers.

### SLEEVES

The armhole and elbow on each individual shirt is specially cut. They are cut on the curve, to prevent the pulling out of the shirt and to insure comfort when coat is worn.

### BUTTONS

The very best quality ocean pearl buttons are used and are firmly sewed on. Button holes are barred at both ends for extra strength and ample thread of good quality is used.

### LAUNDERING

We pay a bonus to have our shirts fully laundered and thoroughly ironed, a real advantage for the future wear of the shirt.

### STITCHING

Short stitches are part of our specifications. Note the large number of stitches to the inch.

### CLOTHS

Our Large Buying Power enables us to specify and dictate the construction of the cloths.

### FINISH

Yokes are sloped and shaped so as to insure a perfect fit; they will not wrinkle on the shoulder. Backs cut wider than fronts.

Others at \$1.98 and \$2.98

### NECKBANDS

Actual size and pre-shrunk, smooth edges. Most shirts are not made this way, on account of expense.

### COLLARS

Collars made in Collar factories—cost more. Result is better fitting collars.

### AMPLE CUT

Square-cut tails, not sliced away. This means using from 1½ to 2 yards more material per dozen.

### WIDTH

Size 14 is 42 inches around the chest—rising 2 inches a size to 15; then 3 inches on size 15½, finishing 49 inches; size 16 finishes 52 inches; size 17—56 inches. Sizes scientifically correct.

### LENGTH

Our shirts vary in length—as they should. From 34 inches on size 14, front and back, to 36 inches front and back on size 17. Ordinary shirts will not finish more than 33 to 33½ on all sizes.

### GUSSETS

The Gussets are not less than 17 inches from the bottom to the armhole, to prevent the shirt from pulling out of trousers.

### SLEEVES

The armhole and elbow on each individual shirt is specially cut. They are cut on the curve, to prevent the pulling out of the shirt and to insure comfort when coat is worn.

### BUTTONS

The very best quality ocean pearl buttons are used and are firmly sewed on. Button holes are barred at both ends for extra strength and ample thread of good quality is used.

### LAUNDERING

We pay a bonus to have our shirts fully laundered and thoroughly ironed, a real advantage for the future wear of the shirt.

### STITCHING

Short stitches are part of our specifications. Note the large number of stitches to the inch.

### CLOTHS

Our Large Buying Power enables us to specify and dictate the construction of the cloths.

### FINISH

Yokes are sloped and shaped so as to insure a perfect fit; they will not wrinkle on the shoulder. Backs cut wider than fronts.

**HIGH INDUSTRIAL IDEALS**

THE head of a manufacturing enterprise has many things to consider. Gerald Swope, president of the General Electric company, has outlined four responsibilities of modern industry to the public, as mentioned by the Industrial News Bureau, The Manufacturer.

First, Mr. Swope said, the responsibility of industry is not only for comprehensive service, including quality of material furnished, but, more important, the attitude of corporate effort should not be complacent but forward looking.

"By reducing selling prices to the public," he said, "we are enabled to reach a very much larger circle in the community, and are, therefore, able to increase our volume of production, a process which has led to the great success of American industrial enterprises.

The second responsibility is to the employee. "Nothing can take the place of adequate earnings," he said, "and that does not mean high costs, because high earnings on the part of the workingman are not inconsistent with low cost of production."

The third responsibility of big business is the shareholder. "The only real safeguard of the shareholder," he explained, "is the character and ability of the management. The real solution of the current problem is to devise adequate means of keeping the shareholder informed regarding the character and that ability and the results of the business.

The fourth responsibility of modern business, Mr. Swope said, is its responsibility to itself and the duty of perpetuating itself as an instrument of production and as a source of livelihood to its employees.

CHOP SUEY is no native Chinese dish, in fact, as Chaucer Chang of our town has stated, it really originated in America and has now been transplanted to China. The American Lumberman comments on the dish by stating that chop suey was a thing unknown in China until very recently, and even over here chop suey is more or less of a mystery.

Vilma Banky and Ronald Colman Great in "The Night of Love"

Presenting the love, the beauty, and the glory of old Spain in the days when armor-clad nobles ruled and conquered and died, Samuel Goldwyn's "The Night of Love," which is now showing at the Lyceum Theatre, scored another triumph for that greatest of all acting teams, Ronald Colman and Vilma Banky. The keynote of the production is romance, not prosaic romance of today, but the old romance of the days that are gone; days of grandeur and color, when love was not held in leash by convention but cut deeply into the raw reality of desire and far-flung achievements.

**Carolina and California Meat Recipes which Satisfy**

(Editor's Note: This is one of a series of cooking articles by 6 famous cooks.)

"Almost everyone enjoys meat," says Miss Rosa Michaelis, the New Orleans cooking authority. "It's highly nutritious, because of its high protein content. It contains valuable fats, mineral salts, and important vitamins."

**Carolina Broiled Steak**

"Steak is especially good when prepared Carolina broiled. Be sure to select a tender steak, preferably 1 1/2 inches thick.

"Have the skillet piping hot, and sizzle. Put in the steak, searing it quickly. Turn often. Use two forks, and try not to puncture the steak. Keep all the juices in.

"Steak should be cooked rare in 10 minutes. Well done 15. When done as you prefer it, place on a heated platter. Season with pepper and butter, and serve piping hot."

For frying steak you need a very hot fire. If you use an oil stove with long chimney burners, you will get most satisfactory results by turning the flame until yellow tips appear, about 1 1/2 inches high above the blue area.

**California Peppers**

Mrs. Belle DeGraf, San Francisco home economics counsellor, is very fond of California stuffed peppers and West Coast pot roast.

For the former, select short, plump peppers; cut off tops and remove seeds. Put in a saucepan and cover with boiling water to which has been added a bit of soda the size of a pea. Let peppers stand in water about 10 minutes. Drain and place each pepper in a greased muffin pan. Then fill with the following mixture:

Mix 1 1/2 cups boiled rice with 1 cup of minced ham and 1 cup of savory sauce. Add 2 tablespoons of melted butter to 1/2 cup of dry fine bread crumbs and place on top of filling. Serve with sauce.

**West Coast Pot Roast**

Select not less than 4 pounds of beef from the round. With a sharp-pointed knife make deep incisions and force in stuffed olives. Make about 15 incisions. Sprinkle meat with salt and pepper then dredge with flour.

Heat 2 or 3 tablespoons of beef drippings and brown meat on all sides. Then add 2 cups of boiling water, 1/2 teaspoon salt and one onion for each person. Stick 2 whole cloves in each onion and add to meat.

Cover closely and cook over a low flame under boiling point until meat is tender, about 1 hour for each pound of meat. Keep about the same amount of water in the kettle, adding more as it cooks away. When cooked, remove meat and onions and thicken gravy.

The best oil stoves are designed for woman's convenience and comfort. Their cooking surface is 22 inches from the floor, just like a kitchen table. This makes bending or stooping totally unnecessary.

**Veal Birds**

Try veal birds once, and you'll want to cook them often in the way suggested by Mrs. Kate Brew Vaughn, a doctor's wife and home department, Los Angeles Evening Express.

6 slices veal off loin cut thin (1/4 lb.)  
Flour, salt and pepper to taste  
6 tablespoonfuls bread crumbs  
Savory Dressing  
1 tablespoonful lemon juice  
1/2 onion  
2 tablespoonfuls butter  
1/2 cup cream

Brown well on one side. Dredge with flour, salt and pepper and put in the center of each a tablespoonful of bread crumbs seasoned with savory dressing and a few drops of lemon juice and onion (1/4).

Bring the birds together as nearly in the shape of a bird as possible and tie with a strong string. Fry slowly until a golden brown in two tablespoonfuls butter in a pudding pan. Then cover with 1/2 cup cream. Place in hot oven for 20 minutes (450° F.). Remove the cover from the vessel and allow to brown for seven minutes. The drippings in the pan may be used for gravy, if liked.

**Ham and Raisin Sauce**

Ham with raisin sauce is delicious, and can be cooked in 50 minutes according to Mrs. Vaughn's recipe.

1 slice ham (1 lb. 10 oz.)  
1 cup brown sugar  
2 tablespoonfuls cornstarch  
1/2 cup water  
1/2 cup vinegar  
1/4 cup raisins

Place slice of ham in oven 400 degrees F. in a small baking pan. Mix sugar, cornstarch in saucepan and add water and vinegar slowly, stirring until thick. Add raisins. Cook ham for 40 minutes; pour the raisin sauce over ham and continue to cook for 10 minutes longer.

Mildewed linens may be restored by wetting and soaping the spots, then cover with finely powdered chalk and rub it in well.

Carl Johnson, a victim of stomach disorder, suffered 3 years. In splendid health now. Working full time every day.

A dogged 4-year fight to win lost health. Tanlac brings him round again. Not a sick day since. That is the truly wonderful record of Carl L. Johnson, of 3111 Humboldt Ave. N., Minneapolis, Minn.

"For 4 years," he said, "I suffered acutely from chronic indigestion. Often I have doubled over with pain, and staggered like a drunken man. Gas, dizzy spells, general lassitude and weakness made life a dreary drudge. I've had to quit work for 2 and 3 weeks at a time. Soon after starting on Tanlac I felt and looked a different man. I enjoyed my food for the first time in years, and could eat anything I cared for, without fear of distress afterwards. Since then I've enjoyed the best health of my whole life, and never lose a day from a job, thanks to Tanlac."

Over a hundred thousand grateful men and women from all over the country, many living here in Minnesota have written to thank us for the aid Tanlac gave them. Tanlac is nature's own remedy, made from roots, herbs and herbs. Your druggist has it. The first bottle usually shows results. Over 52 million bottles sold.

**Minneapolis Man Now Hale and Husky**

Carl Johnson, a victim of stomach disorder, suffered 3 years. In splendid health now. Working full time every day.

A dogged 4-year fight to win lost health. Tanlac brings him round again. Not a sick day since. That is the truly wonderful record of Carl L. Johnson, of 3111 Humboldt Ave. N., Minneapolis, Minn.

"For 4 years," he said, "I suffered acutely from chronic indigestion. Often I have doubled over with pain, and staggered like a drunken man. Gas, dizzy spells, general lassitude and weakness made life a dreary drudge. I've had to quit work for 2 and 3 weeks at a time. Soon after starting on Tanlac I felt and looked a different man. I enjoyed my food for the first time in years, and could eat anything I cared for, without fear of distress afterwards. Since then I've enjoyed the best health of my whole life, and never lost a day from a job, thanks to Tanlac."

Over a hundred thousand grateful men and women from all over the country, many living here in Minnesota have written to thank us for the aid Tanlac gave them. Tanlac is nature's own remedy, made from roots, herbs and herbs. Your druggist has it. The first bottle usually shows results. Over 52 million bottles sold.

**Ham and Raisin Sauce**

Ham with raisin sauce is delicious, and can be cooked in 50 minutes according to Mrs. Vaughn's recipe.

1 slice ham (1 lb. 10 oz.)  
1 cup brown sugar  
2 tablespoons cornstarch  
1 cup water  
1 cup vinegar  
1 cup raisins

Place slice of ham in oven 400 degrees F. in a small baking pan. Mix sugar, cornstarch in saucpan and add water and vinegar slowly, stirring until thick. Add raisins. Cook ham for 40 minutes, pour the raisin sauce over ham and continue to cook for 10 minutes longer.

Mildewed linens may be restored by wetting and soaping the spots. Then cover with finely powdered chalk and rub it in well.

Steaks cook "right to your taste" on the latest Perfection Stove!

Touch a match to the wick. Intense, gas-like heat pours up the long chimney. Heat covers the entire cooking surface of skillet or broiler. It's not focused on one tiny spot. That's why steak is always so well cooked on the newest Perfections.

Only 10 minutes to fry a steak 1 inch thick! For best results use a flame with yellow tips 1 1/2 inches high above the blue area.

Perfection Stoves give best results for all kinds of cooking—frying, broiling, toasting, boiling, baking. They burn kerosene, the safe fuel. Ask any dealer to demonstrate.

New color combinations, many with porcelain enamel tops. Perfections are priced from \$7.25 for a one-burner stove to \$130 for a five-burner range.

**Carolina and California Meat Recipes which Satisfy**

(Editor's Note: This is one of a series of cooking articles by 6 famous cooks.)

"Almost everyone enjoys meat," says Miss Rosa Michaelis, the New Orleans cooking authority. "It's highly nutritious, because of its high protein content. It contains valuable fats, mineral salts, and important vitamins."

**Carolina Broiled Steak**

"Steak is especially good when prepared Carolina broiled." Be sure to select a tender steak, preferably 1 1/2 inches thick.

"Have the skillet piping hot, and sear. Put in the steak, searing it quickly. Turn often. Use two forks, and try not to puncture the steak. Keep all the juices in."

"Steak should be cooked rare in 10 minutes. Well done in 15. When done as you prefer it, place on a heated platter. Season with pepper and butter, and serve piping hot."

For frying steak you need a very hot fire. If you use an oil stove with long chimney burners you will get most satisfactory results by turning the flame until yellow tips appear, about 1 1/2 inches high above the blue area.

**California Peppers**

Mrs. Belle DeGraf, San Francisco home economics counsellor, is very fond of California stuffed peppers and West Coast pot roast.

For the former, select short, plump peppers; cut off tops and remove seeds. Put in a saucepan and cover with boiling water to which has been added a bit of soda the size of a pea. Let peppers stand in water about 10 minutes. Drain and place each pepper in a greased muffin pan. Then fill with the following mixture:

Mix 1 1/2 cups boiled rice with 1 cup of minced ham and 1 cup of savory sauce. Add 2 tablespoons of melted butter to 1/4 cup of dry fine bread crumbs and place on top of filling. Serve with sauce.

**West Coast Pot Roast**

Select not less than 4 pounds of beef from the round. With sharp-pointed knife make deep incisions and force in stuffed olives. Make about 15 incisions. Sprinkle meat with salt and pepper then dredge with flour.

Heat 2 or 3 tablespoons of beef drippings and brown meat on all sides. Then add 3 cups of boiling water, 1/2 teaspoon salt and one onion for each pepper. Stick 2 whole cloves in each onion and add to meat.

Cover closely and cook over a low flame under boiling point until meat is tender, about 3 hours for each pound of meat. Keep about the same amount of water in the kettle, adding more as it cooks away. When cooked, remove meat and onions and thicken gravy.

The best oil stoves are designed for woman's convenience and comfort. Their cooking surface is 32 inches from the floor, just like a kitchen table. This makes bending or stooping totally unnecessary.

**Veal Birds**

Try veal birds once, and you'll want to cook them often in the way suggested by Mrs. Kate Brew Vaughn, director of home economics department, Los Angeles Evening Express.

6 slices veal off loin cut thin (1/4 in.)  
Flour, salt and pepper to taste  
6 tablespoonsful bread crumbs  
Savory Dressing  
1 tablespoonful lemon juice  
1/2 onion  
2 tablespoonsful butter  
1/2 cup cream

Brown well on one side. Dredge with flour, salt and pepper and put in the center of each a tablespoonful of bread crumbs seasoned with savory dressing and a few drops of lemon juice and onion (1/2).

Bring the birds together as nearly in the shape of a bird as possible and tie with a strong string. Fry slowly until a golden brown in two tablespoons butter in a pudding pan. Then cover with 1/2 cup cream.

Place in hot oven for 20 minutes (450° F.). Remove the cover from the vessel and allow to brown for seven minutes. The drippings in the pan may be used for gravy, if liked.

PLAYS**

(By United Press)  
Yesterday's hero — Mickey Cochrane, whose home run in the sixth inning tied the score of the Philadelphia Athletics-New York Yankees game. The Macks followed up their advantage and drove Shocker from the mound in the seventh with three runs. The final score was 8 to 5.

Cochrane likewise figured in four of the five double plays with which the Athletics cut down potential Yankee runs. It was New York's second consecutive defeat after opening the season with six straight victories, three of which were in a series with the Athletics.

As the Yanks lost, the Detroit Tigers defeated St. Louis, 7 to 0, and went into a tie for first place, although having played just half as many games this season as New York. Whitehill, ace of the Detroit hurling staff, was a puzzle to the Browns' batters. Fothergill, second best American League batter last season, slammed a home run in the fifth, driving in two runs ahead of him.

After losing seven straight on the road, the Brooklyn Robins opened their home season with a 4 to 3 victory over the Boston Braves. Bobby Barrett started it in the sixth when

he hit a homer and drove in another run.

The Cleveland Indians inaugurated the Chicago White Sox revamped ball park by defeating Ray Schalk's team, 5 to 4. The hurling of Hudlin, 20-year-old Oklahoma high school student who relieved Shaute, stopped the Chicago batters. The Indians knocked Lyons from the box with three runs in the sixth.

The Chicago Cubs continued to smash the air and lost to St. Louis, 4 to 2. Stellar fielding by the Chicago infielders prevented a worse defeat. Only 14,000 saw the world's champions open their home season.

Freddie Lindstrom landed safely four out of five times at bat and Rogers Hornsby hit 1000 in two "at-bats" as the New York Giants took the measure of the Philadelphia Phillies, 5 to 1, in the first National League game in New York this year.

## AMERICAN ASSOCIATION

Indianapolis — The Kansas City Blues went wild in the eighth inning scoring 11 runs to defeat the Indianapolis Indians, 12 to 1. The Indians' lone run was a homer by Florence.

Columbus, O. — Minneapolis extended its string of victories to six straight by defeating the Columbus Senators, 4 to 3.

Toledo, O. — The St. Paul Saints took the series' opener from the Toledo Mudhens, 4 to 2.

Louisville, Ky. — Milwaukee Brewers handed the Louisville Colonels their sixth straight defeat by a 9 to 7 score.

## Boyology Training Course

The Boyology Training Course for Scout Leaders sponsored by the Crow Wing Area Council Boy Scouts of America will meet Friday, April 22, at 6:15 in the Brainerd high school.

The Brainerd Rotary club invites all Scout Leaders including all troop committeemen, scoutmasters and assistants to be their guests at a fellowship supper at 6:15.

George S. Wyckoff, Scout Executive from Minneapolis, a very entertaining speaker and a man who knows how to handle the subject of Patrol Methods and Patrol Leadership, will give a talk on this most essential part of our program. This

being the last Brainerd meeting of the training course it is greatly desired that everyone interested in Scouting in a leadership way will make a very special effort to be present.

Sheriff Claus A. Theorin Reports Case on Barrows Road

FISHERMAN CARELESS

Car Driver Leaves His Car on Pavement, Crashed Into by Another Automobile

Sheriff Claus A. Theorin was called Tuesday evening around 10 o'clock to the scene of a rather peculiar accident which occurred about one mile north of Barrows.

A man whose name was reported to be a Mr. Sundberg, a transient left his car parked on the pavement while he went fishing on Buffalo creek about a quarter mile from the highway.

Verne Lackore a traveling salesman of Little Falls, while en route home, driving at about 35 miles an hour failed to see the car and ran into it smashing his machine completely and sending the other car over the embankment. Mr. Lackore was thrown through the windshield and received cuts and bruises. He was taken to St. Joseph's hospital. His car was protected by insurance.

## LIONS INTER-CITY LADIES NIGHT HELD

More Than 150 Lions, Wives and Guests Gather at Ransford Hotel

### BANQUET IS SERVED

Speaker of the Occasion Was Dr. Cora Johnson Best, of Washington, D. C.

A group of more than 150 Lions, and their wives and guests gathered at the Ransford hotel last evening for the Lions club inter-city ladies' night. At the close of the evening's entertainment the event was voted one of the best in the history of the local club.

After the banquet served at 7:30 o'clock in the main dining room at the Ransford hotel a short business session was held and the ladies present were afforded the opportunity of learning how the affairs of a Lions meeting are conducted. Only committee reports and necessary business was considered in order to avoid taking up too much time.

The principal speaker of the occasion was Dr. Cora Johnson Best of the Bureau of Commercial Economics, Washington, D. C. Her subject, announced as the "Hell-Roaring Waters of the Columbia River," covered several phases of her career as mountain climber, arctic explorer and author, and was illustrated with slides and motion pictures. She was assisted by a young lady known as "Pal."

A very interesting feature of Dr. Best's two-hour lecture were the close-ups and slides of the Big Bend section of the Columbia River in the state of Oregon. This dangerous stretch of water has been traversed by only a few people and many attempting the passage have failed to come out alive. The motion pictures were secured at great risk to the member of the party securing them.

Two reels of pictures showing mountain climbing in Oregon and views of Glacier National park, some of the scenes having to do with forest fire damage, were shown. Slides showing forest, wild flower and wild animal conservation work in several northwest states made up a part of the program. Dr. Best announced herself a bitter enemy of the common domestic cat and illustrated her views by showing with slides the damage done to birds and wild life by the cat.

A series of musical selections including violin, piano duets were

given by the Gerhardt sisters, of the McPhail School, Minneapolis. After the close of the lecture and several musical numbers the dining room was cleared and the remainder of the evening was spent in dancing. Music was furnished by the Merry-makers. To round out the festivities the Gerhardt sisters, at the violin and piano, played the last two dance numbers in the place of the regular orchestra.

## RED RIVER PRESBYTERY

Representatives and Delegates Present From Over Ten Churches

### ELECTION IS HELD

Rev. A. G. Patterson Named Alternate Commissioner to General Assembly

The last meeting of the two day session of the Red River Presbytery was held yesterday afternoon at the Presbyterian church. Representatives and delegates from over ten churches were present.

Due to the bad condition of the roads the sessions could not be held at South Long Lake as was originally planned and therefore the Young People's supper which was to have been given last evening was cancelled.

The conference which opened yesterday afternoon at 3 o'clock was in charge of Rev. W. R. Harshaw D. D. Rev. R. L. Barr of Elbow Lake was elected commissioner to the General Assembly which will be held in San Francisco and Rev. A. G. Patterson of Brainerd was chosen alternate.

W. J. Peak of Wolverton, Minn., was elected lay commissioner and L. A. Stearns of Fergus Falls, alternate. Parish plans for church work during the summer were discussed and adopted.

## MUNICIPAL COURT PROCEEDINGS

Numerous Cases on the Docket Heard by Judge J. M. Hayes

### SENTENCE METED OUT

Judge Lamonte P. Koop Hears Two Cases This Morning

The case of John, Jr., and Frank Ethen was called at 2 p. m. yesterday in municipal court before Judge J. M. Hayes. The defendants, charged with disorderly conduct at a dance at Finnish hall last Thursday, April 14, were represented by Attorney G. S. Swanson of the firm of Swanson, Swanson & Swanson. John Ethen, Jr., being a minor, was certified to the juvenile court. Frank Ethen, his brother, was fined \$10, and in default of payment was sentenced to serve six days in the city jail. Sentence was stayed until April 28.

Raymond L. McCormick, charged with desertion in connection with the abandonment of a minor child, appeared in municipal court this morning before Judge Lamonte P. Koop. He was bound over to the May term of district court. Mrs. R.

McCormick was called as a witness for the state.

Harold Enius of Irondale township was arraigned on a charge of assault on the person of Anton Enius. The defendant entered a plea of not guilty. Trial was set for this afternoon at 3 o'clock.

West Oak Lawn Parent-Teachers The West Oak Lawn Parent Teachers' association met last evening. Owing to the bad condition of the roads, President Edward Nelson was

unable to attend and Miss Mecklenberg, teacher, presided. There was a large attendance present.

The program included a song by the school children and an address by Mrs. A. M. Opsahl who spoke on the organizing and conducting of a P. T. A. organization. Deputy Forest Ranger Carlton spoke on the duties and work of the forestry department in the county. Judge L. B. Kinder gave an interesting talk, with the topic "Your Spare Time, Make the Most of It."

## AMERICA'S RICHEST SUMMER RACING SEASON OPENS

MEET AT AURORA, ILL., THEN LEXINGTON OPENS CARD

Aurora, Ill., April 21.—America's richest summer racing season opens here today. Two days more and Lexington will open its 101st year, and in four days the metropolitan season will open in New York.

Starting this afternoon racing will continue in and about Chicago until Oct. 15, without intervals save on Sunday. Horses will go from Aurora track to Washington Park late in May, to Lincoln Fields July 2, to Hawthorne in August, back to Washington Park in September and will close with a fall meeting the first two weeks in October at Hawthorne.

Between today and the last day of the season \$10,000,000 will have been posted in prizes—the richest list of stakes in the history of the sport of kings. The season may wind up with international races.

Today's opening at Aurora is the most important since racing started here. Larger purses have attracted the best horses, and railbirds agree that the new mile track just completed will soon be one of the best in the country. More than 1,400 horses are already stabled at the track, and others are arriving.

Today's feature event was to be the inaugural handicap, over the mile route. It is one of the seven races carded. Two dozen horses were expected to go to the post in the inaugural.

Racing's greatest season in the Chicago district is seen by local track followers. The calibre of horses running on the tracks has improved each year, and improvements have been made in each racing plant.

The Crow Wing Area Council Troop Efficiency contest has just closed its fifth week. Every troop is preparing for its last spurt toward securing one of the three high places in order that their Scoutmaster may be awarded a trip to Itasca next summer at the expense of the council to attend the University of Minnesota Scout Leaders Course held there each year.

While all the troops cannot win, they nevertheless can be near the top.

It has been decided that the troop standing in fourth, fifth and sixth places will have the honor of sending their Scoutmaster to the Duluth Training Camp at the council's expense. This camp is also a very worthwhile and enjoyable place to go and has many of the National men there as instructors. This should put added zest to the troops that are fairly near the top as this announcement makes virtually six awards.

Play Day at the Chautauqua Whenever a play is scheduled on the chautauqua program it means one of the largest crowds of the season. This year the committee has secured the Elwyn Dramatic company, a company of six professional actors, who will present John Golden's famous Broadway success, "Thank-U."

Mr. Golden has produced such plays as "Lightnin'", "Seventh Heaven", "Turn to the Right", "Three Wise Fools", and many others that have been notable hits. He adheres strictly to the principle of producing comedies with "Never an unclean line."

Some of the characters in "Thank-U" include the minister, clean and sincere; the clerk, fussy, funny and serious; Diane, a stranger in the town who turned the community upside down; Kenneth, the wealthy young lad who finished up fine; the successful business man, true to life, and other characters intensely in character.

Interesting and mirth provoking. It is a play of the church, its congregation and its minister, in their struggles to help the community.

The story is human, vital and true. It grips all the way through. You will remember it long after the chautauqua and the players have been forgotten.

The company is produced and managed by Lorne Elwyn of Boston, who for two years was manager of the Bennett Dramatic Company that gave "Peg O' My Heart" on the chautauqua.

devastation. Three hundred fifty national guardsmen were sent to the section of Missouri where the situation is most acute.

In addition to three families reported caught by the onrush of water at Little Rock, Julius Lamb, a 3-year-old boy, drowned at Truman, E. Rainwater, 24, died at Mortilton and four negroes were drowned yesterday.

Disease was reported breaking out among refugees at Wynne and Parkin, Ark. Cases of measles, mumps and whooping cough were being treated. Pestilence under the conditions in refugee camps might take hundreds of lives.

Clarendon, Ark., and New Madrid, Mo., were under more than five feet of water today from the latest break in the Mississippi river levee. Levy, Ark., was inundated by collapse of the Arkansas river dikes near Little Rock. Seven inches of rain fell at Little Rock.

Forrest City, Ark., was the center of relief work. Six thousand refugees were concentrated there. The Red Cross estimated that 20,000 were homeless in Arkansas alone.

## In "The Fire Brigade" Charles Ray Has Opportunity Like Gilbert's in "The Big Parade"

Not since Charles Ray began his sensational comeback has he had a role that compared with Terry O'Neill in "The Fire Brigade," the great fire picture now playing at the Park theatre.

As Terry O'Neill, Ray plays the part of a young man, just deciding to follow the vocation that his father and grandfather have both given up everything for. It takes him through his days as a recruit, then his actual experiences as a fireman, revealing his innermost feelings when first called into duty, and his subsequent heroism. Through the whole there is a charming love story.

A large percentage of the profits are being turned over to the International Order for their work in furthering fire prevention, and to various fire and sick benefits, maintained by fire department locals.

## AMERICA'S RICHEST SUMMER RACING SEASON OPENS

MEET AT AURORA, ILL., THEN LEXINGTON OPENS CARD

Aurora, Ill., April 21.—America's richest summer racing season opens here today. Two days more and Lexington will open its 101st year, and in four days the metropolitan season will open in New York.

Starting this afternoon racing will continue in and about Chicago until Oct. 15, without intervals save on Sunday. Horses will go from Aurora track to Washington Park late in May, to Lincoln Fields July 2, to Hawthorne in August, back to Washington Park in September and will close with a fall meeting the first two weeks in October at Hawthorne.

Between today and the last day of the season \$10,000,000 will have been posted in prizes—the richest list of stakes in the history of the sport of kings. The season may wind up with international races.

Today's opening at Aurora is the most important since racing started here. Larger purses have attracted the best horses, and railbirds agree that the new mile track just completed will soon be one of the best in the country. More than 1,400 horses are already stabled at the track, and others are arriving.

Today's feature event was to be the inaugural handicap, over the mile route. It is one of the seven races carded. Two dozen horses were expected to go to the post in the inaugural.

Racing's greatest season in the Chicago district is seen by local track followers. The calibre of horses running on the tracks has improved each year, and improvements have been made in each racing plant.

### NOTICE

The Crow Wing Area Council Troop Efficiency contest has just closed its fifth week. Every troop is preparing for its last spurt toward securing one of the three high places in order that their Scoutmaster may be awarded a trip to Itasca next summer at the expense of the council to attend the University of Minnesota Scout Leaders Course held there each year.

While all the troops cannot win, they nevertheless can be near the top.

It has been decided that the troop standing in fourth, fifth and sixth places will have the honor of sending their Scoutmaster to the Duluth Training Camp at the council's expense. This camp is also a very worthwhile and enjoyable place to go and has many of the National men there as instructors. This should put added zest to the troops that are fairly near the top as this announcement makes virtually six awards.
